THE VOICE OF THE HIGHLANDS

THIS WEEK'S PRESS RUN—1650

HALIBURTON, ONTARIO Thursday, December 8, 1960

Established in 1882 as the
Minden Echo & Haliburton Recorder

Railway Petition Ignored

Despite that a petition signed by some 1,600 persons and a strong letter of protest were forwarded to the Board of Transport commissioners requesting a continuance of tri-weekly train service to Haliburton, no re-

ply has been received as yet.

We have been treated in a most high handed manner by those who control our railway system.

Citizens who signed this petition merit some response to their plea. It appears as

though the slaves have become the masters or should we say dictators, being deaf to the appeal of the plain ordinary folk who happen to reside and are effected by this branch line of the CNR.

Monarchs Enter Tri-County League

The Minden Monarchs have entered the tri-county hockey league for the upcoming season. The league will be divided into two groups. One group will be made up of Minden, Haliburton, Cobocok and Wilberforce.

The second group consists of Sutton, Keswick, Mount Albert, Brechin, Sunderland, Little Britain and Beaverton.

The first group will play a double schedule and the second group a single schedule.

Home and home exhibition games will be played between Beaverton and Minden and Haliburton will play Sutton during the season.

Winners of this will enter the ORHA intermediate playoffs.

The executive for the coming season is as follows: president, Lyle McKnight; manager, Fred Cooper; coach, Roy Windover; assistant coach, Dave Platt; secretary-treasurer, Fred Gadsby; transportation, Floyd Hall; publicity, Bob Harvey.

At the recent meeting held to organize for the 1960-61 season it was decided to solicit donations from the public. Anyone wishing to contribute may do so by contacting secretary treasurer Fred Gadsby at the Canadian Bank of Commerce, Minden.

Weather Report

Maximum temp., 55 deg., December 5.

Minimum temp., 11 deg., December 2.

Average max., 40.3 deg.

Average min., 23.1 deg.

Total precipitation, .04 in.

Rainfall, .03 in.

Snowfall, 1 inches.

Small lakes froze over December 2, first time. Opened again on December 5.

December 8 at 8.30 a.m., 7 degrees, not included above.

Local Composer-Musician Presents Cantata Here

On Sunday, December 18 at 8:30 p.m. the premiere performance of a cantata entitled "The Christmas Story" will take place at the Haliburton United Church.

This 40-page musical work was composed by Bill Gliddon of Haliburton, who is presently in his second year of the Mus. Bac. degree course at the University of Toronto and is specializing in composition.

We believe this will be the first time that a local born musician has had an original composition of such scope publicly performed in our own town.

We urge all of you to plan now to attend this first and only performance of "The Christmas Story."

Band Notes

An exceptionally large number of players turned up to practice on Tuesday evening last and were pleased to have as their guests Mike Miller, bandmaster of the Gravenhurst band and two other bandsmen from Gravenhurst, namely Dean Pulfer and Maurice Lacasse.

During the practice session bandmaster George Wheeler turned over the baton to Mr. Miller who took time out from conducting to highly compliment the progress being made by the band—especially the new beginners.

The Gravenhurst bandmaster urged these young musicians to keep up their good work and though at times they might be discouraged they would, in the long run, never be sorry.

It was only the love of music, said the speaker, that brought himself and companions a distance of 75 miles to practice with the Haliburton band and it was the same case with George Wheeler who every other week drove to Bracebridge to practice with the Muskoka concert band.

The Haliburton Legion Band wish Bandmaster Miller every success in his efforts in the formation of a band in Gravenhurst.

Letters to the Editor

Dear Sir:

Here is a suggestion for the council of the municipality of Dysart.

For the benefit of the people living north of the village of Haliburton and who have occasion from time to time of traveling to Minden or more southerly points, it would be of great convenience to have the old Guilford road reopened between Highway 530 and Highway 121.

The fine new highway between Haliburton and Minden is a much safer and smoother road than the alternate route via Carnarvon.

However, when you have to take the snake trail winding around Head Lake and through town with its obvious delays, this route loses its advantages.

I, for one, would like to see this old road reopened, and with the government winter works program it could be done at very little cost to the ratepayers.

It would provide a few men with some winter employment, brushing and with a little graveling it would once again be passable.

This section of road is only 2½ miles long, whereas traveling around Head Lake is nearly six miles.

Yours truly,
Clayton Lynn,
R.R. 1, Haliburton.

Ski Club For Minden

Some 29 persons interested in forming a ski club in Minden met at the Rockcliffe dining room on Monday evening last.

A temporary executive was set up with plans being made to set a schedule. Fees will be a minimum.

Another meeting will be held next Monday at the same place.

Celebrate 50th Wedding

We note from an advertisement in this paper that Mr. and Mrs. James Dean will, on December 22, celebrate their 50th wedding anniversary. They will be receiving visitors on that date from 2 to 4 p.m. and from 7 to 9 p.m.

The Echo joins their many friends in extending the happy couple best wishes on this occasion.

Evening Classes For Adults

All across the province there has been a tremendous increase in the number of adult students taking advantage of evening classes.

Many schools are registering a larger number of adult students than they have in their day classes. Much of this increase could be attributed to the employment situation which makes it difficult to find jobs unless one is trained with special skills. The students enrolled are upgrading their educational level by studying academic subjects as well.

So far this year, there has been considerable interest shown in night school classes which will be provided in the Haliburton County District High School. A number of inquiries have already been received regarding the possibility of academic classes, in addition to the usual classes of a more recreational type.

The results of a survey taken at the close of night school last year would indicate a demand for the following subjects: art, conversational French, woodworking, sewing, millinery and a choral group. There was some interest shown in a number of other classes which could be held if there was sufficient registration. Such classes are bookkeeping, leadership training, forestry, leathercraft, first aid and driftwood finishing. Any or all of these classes could be provided if there is sufficient registration.

We would urge interested adults to watch carefully for the registration forms which will appear in this paper and to forward them to the high school. It is only by receiving these forms that plans may be made for the classes desired.

Classes will begin this year on Tuesday, January 3.

The Captain's Desk

CAPT. W. KERR
Salvation Army

Often there appears on my desk articles on a variety of subjects. A few of these I have found most interesting and it is one of these that I would like to pass on to you. My purpose is not to condemn or judge but that through the reading of the "Captain's Desk" series many might be blessed and be more anxious to serve and follow Jesus Christ.

A HAPPY HEART

What do you want from life? Love? Riches? Fame? Power? Do you really want these things; or is it happiness you are looking for, and you think that these things will bring you that happiness?

You may find true love; but when death claims your dear one, where is your happiness? You may acquire riches, but they cannot buy happiness. You may become famous, but did fame ever heal a broken heart? You may have power, but power brings with it enemies.

No, these things in themselves will never bring you happiness. True happiness comes from within. A happy heart can thank God even when a dear one departs. A happy heart praises God in the midst of poverty. A happy heart keeps singing, though fame has never touched its owner. A happy heart is strong in the power of the Lord, though its owner may be a servant to the needs of men.

Thousands of Christians throughout the centuries have known the secret of

the happy heart, and they have shared it with countless others. Thousands of Christians today have happy hearts in the midst of the threat of utter extinction of civilization as we know it. 'Happy is he that hath the God of Jacob for his help, whose Jacob is in the Lord his God' (Psalm 146:5). Don't you too want the real happiness that only God can give?

He knows that we are all sinners, and this sin has separated us from God. But He, in His infinite love, sent the Lord Jesus Christ to earth to die as a ransom for our sins. He chose to die that we might live! To all those who accept Him as their sin-bearer, who believe that His blood was shed for their redemption, God gives complete forgiveness and eternal life. And as we grow He gives us many, many blessings. He will do this for you if you ask Him.

"God commendeth his love toward us, in that, while we were yet sinners, Christ died for us" (Romans 5:8).

"Sin, when it is finished, bringeth forth death" (James 1:15).

"The blood of Jesus Christ . . . cleanseth us from all sin" (1 John 1:7).

"There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit" (Romans 8:1).

Let this be not only the beginning of a new life for you but also the beginning of a rich experience with God; the secret of a happy heart.

WILBERFORCE

Your reporter hopes you will forgive her tardiness of news lately, but like many other families in Wilberforce and Tory Hill, she has had an seemingly endless bout with the chickenpox.

The recent interest shown in both nominations and the municipal elections is very encouraging.

The hydro are in the pro-

cess of constructing a new power line to Wilberforce to accomodate the Wilberforce Veneer and Lumber Co. and the new industry Mac Craft of Sarnia.

The Mac Craft Industries at Wilberforce are now setting up their machinery and hope to be in production in the near future.

This branch of Mac Craft Industries will specialize in the making of curved plywood for bowling alley gut-

ters, nesting chairs and stacking chairs.

Congratulations to Mr. Harry Patrick who had the good fortune to win \$1,000 when he held the lucky ticket drawn at Peterboro.

We are sorry to hear of the recent unemployment situation at the veneer plant and hope that the situation will change very soon.

GIFTS THAT ARE LASTING

MAPLE LAKE

(Intended for last week)

Mr. and Mrs. Wesk of Toronto visited the Fountain farm.

Mrs. Calvin Sisson, Mrs. Carmen Lee and children visited Carrie and Jack Morrison one afternoon last week.

Messrs. Cecil, Perry and Bryan Morrison were home to Jack Morrison's for the week end.

Sandra Morrison and Jean Dawson attended the Robinson-Henderson wedding dance Saturday evening in the Legion hall.

Mr. and Mrs. Richard Cooper were at Mr. and Mrs. Arthur Cooper's for the week end.

The United church W.A. had a quilting at Mrs. Madeline Cooper's one afternoon the past week.

INGOLDSBY

Mr. and Mrs. Bill Hurst spent the week end with Mr. and Mrs. Cecil Milligan. Mrs. Milligan returned home with them for a few days.

We are sorry to report that Mrs. Percy Burk is a patient in the hospital in Peterboro.

Mr. and Mrs. Pete Robinson and Dougie spent Sunday with Mr. and Mrs. E. Carpenter.

A number of ladies from Ingoldsby gathered at the home of Mrs. Ed. Carpenter on Wednesday afternoon with a surprise stork shower for Mrs. Doug Eastman. She received many beautiful and useful gifts.

Mr. and Mrs. D. S. Puffer of Toronto called on friends in the community on Tuesday.

Mr. and Mrs. Allan Arbuthnot spent Sunday afternoon with Mr. and Mrs. Russell Baker and his mother, Mrs. Winnifred Arbuthnot.

Mr. and Mrs. Harold Hogg called on Mrs. Russell Baker Monday afternoon.

Mr. and Mrs. Wally Crofts spent a couple of days with relatives in Toronto.

Mr. and Mrs. Harry Burk and family spent Sunday afternoon with her parents, Mr. and Mrs. Ed. Peacock of Gelert.

Dysart Home And School

If talent night under Home and school auspices failed to bring to light any Danny Kayes, Belafontes, Fred Astaires or Tony Martins, it certainly did demonstrate that there are many young people in the area who have some degree of talent and an unlimited willingness to discover just how acceptable it is to an audience. It also showed that people like this sort of evening and will turn out in large numbers to encourage their young people in trying to acquire the confidence and poise which can only come through experience.

It was a sell-out crowd

which jammed its way into the high school auditorium on Friday evening, November 25 and the fact that almost everyone stayed throughout a program which had 17 entries in the public school (junior) division and 30 participants in the senior section was proof positive that it was an interesting evening.

Mr. Ralph Hussey, who is always such a great help to the youngsters, with the help of several others, had worked very hard to audition and arrange the junior section and his good work showed up in a better arrangement, variety and high level of performance (considering age) than was evident in the senior section

where rehearsal and audition facilities had not been available. However, the program committee, without these helps, did an excellent job and throughout most of the evening things went smooth under the expert direction of Mr. Al. Perrin who acted as master of ceremonies and Mrs. Earl Cooper as stage manager.

Judging was done by audience ballot and when the votes were all counted it was evident that the adults had picked the junior winners: Sandra Wilkinson, Dannie Roberts, Paul Carpentier and Debbie Wilson. When it came to the senior section it was evident that the high school group had "plumped" for their favorites. Gladys Cruickshanks, Gerald Mumford and a new guitar, piano, traps group called The Staccatos, in that order, stepped, sang and played the sort of numbers that the youngsters most enjoyed while less spectacular, but excellent performances in a more moderate vein failed to win enough votes to place them "in the money."

Mr. Bob Carter of CHEX-TV in Peterboro was in attendance and awarded the cash prizes to the winners. It is understood that several of the performers are to appear in forthcoming TV shows over his station. We wish them every success.

This sort of evening, another year, should be enriched and varied by the inclusion of readings, recitations and comedy. It is evident that our young people have ability and there must be many potential actors and actresses and comedy stars in the group who only need leadership, encouragement and opportunity to enable them to leaven the tendency to concentrate on vocal and guitar numbers which is predominant at this time. Get busy you Bob Hopes and Red Skeltons and let us hear you next year.

Husbands! Wives! Want new Pep and Vim?

Thousands of couples are weak, worn-out, exhausted solely because body lacks iron. For new vim, vitality, try Oxtrox Tonic Tablets. Supplies iron you, too, may need for pep; supplementary doses Vitamin B₁. Introductory or "get acquainted" dose only 50¢. At all drug stores.

What is Lactol?

LACTOL is a carefully formulated emulsion of rich oils and other ingredients designed to replace precious fats and moisture lost through deficiencies in diet, use of household and industrial chemicals, and other causes of brittle and splitting nails. As unlike the usual "hot oil treatment" as a doctor's prescription is unlike a casual purchased patent medicine, Lactol is definitely the answer to problem nails.

You have heard it said "What can I do about my nails?" Just phone Mrs. Howe at

Trumble's Hairdressing

TELEPHONE 258

and make an appointment now for better nail care.

You may buy Gift Certificates now and save money in January and February.

REMEMBER—Lactol is strictly a franchise product sold only at your beauty shop.

THANK YOU

IN QUEST OF YESTERDAY

by NILA REYNOLDS
A HISTORY OF HALIBURTON

(Copyrighted)
Twenty-Second Instalment
THE MINDEN STORY
Chapter 11

A considerable volume of water has passed between the shaded banks of the Gull River since the 17th century when the first European traveler, probably Samuel de Champlain or Etienne Brule, paddled the head waters of the Trent valley system en route north.

Since then the highlands have undergone a thorough face lifting. Where colorful hardwoods and pines tall enough to make masts for the King's ships, cloaked the land, gracious homes and prosperous business establishments stand justifying the faith of the veterans of the Rebellion of '37, the Crimean and African wars and the Indian Mutiny who carved their homes from the virgin wilderness.

The village of Minden which sprang up at the junction of the Gull River and the Bobcaygeon road has weathered well the whims of fickle fortune surviving three disastrous fires, a number of floods and the terrible epidemic of black diphtheria which brought mourning to so many homes.

Today the children's children of those first intrepid settlers, who planted so well the seeds of progress, reap a harvest of prosperity in the country through which the Gull River flows.

There is conclusive evidence that the locality also found favor with the Chipewyan Indians. One of their most frequented camp sites was close by the clergy house which is Minden's oldest building and the only rectory in the diocese of Toronto to which was patterned after a log cabin.

The late Clarence Trumble who purchased the farm originally settled by the Steinkrause family, often plowed up Indian tomahawks, arrow heads and skinning knives of reddish brown flint, when he cultivated his fields.

Mr. James Minto, who was for many years connected with the University of Toronto's summer school on Gull Lake, also uncovered a variety of fine Indian relics including a stone mortar and pestle very similar to those employed in a modern drug store. Since the route was a favorite with the Indians for centuries it is not uncommon to pick up their relics along

the whole Gull River system. On a hillside by the shore of Gull Lake stand the three foot thick foundations of a structure which cannot be accounted for in any written record or in the memory of any living person. The remains of a camboose logging camp they are not. Their connection with the Indians who were present when the white men arrived may also be discounted for their highest architectural achievement was the bark long house.

The ruins present an intriguing mystery! Could they have been left by some older culture like the mound builders or are they of European origin? A trading post perhaps, erected at Gull Lake to intercept the traffic in furs which would otherwise be channeled to the posts at Toronto, Niagara or Albany? Or less probably, a mission operated by the Jesuit Fathers who were known to have ministered to the Algonquin tribes hunting in the general vicinity? At this late date one can only add the Gull Lake ruins to the list of Haliburton county's unsolved historical riddles in the hope that some day trained investigators will provide a solution.

The first step towards opening for settlement the townships of Lutterworth, Anson and Hindon on the west and Snowdon, Minden and Stanhope on the east, was the provincial order in council which was passed on August 5, 1857, ordering the extension of the Bobcaygeon road which commenced at Port Hope, into the district which in 1874 became the Provisional County of Haliburton.

In an address, delivered at the opening ceremony of Minden's Sunnybrook bridge on May 31, 1957, Premier Leslie M. Frost stated that the actual construction of the Bobcaygeon road in this county did not commence until 1859. He intimated that it was the laborers from this project who held the county's lengthiest party at Daniel Buck's stone hotel at Minden.

Authoress Emily P. Weaver in her "Story of the Counties of Ontario" has this to say of the event: "On New Year's eve, 1864, a dance began at Buck's hotel which, with slight intermissions, lasted four days and five nights." Some party!!

Minden township which

contains 46,000 acres was surveyed in 1859 by J. W. Fitzgerald, P.L.S. His report to the commissioner of Crown lands glows with enthusiasm for his subject:

"I am pleased, sir, to be able to report favorably of this township, which is now being fast settled with an industrious and intelligent class of people, composed chiefly of emigrants of a few years' experience in the country, who have acquired a good knowledge of Canadian life. There are already several large clearings varying from two to 15 acres, the greater portion of which is under crop; the soil is generally composed of sandy loam, in some cases resting upon a substratum of clay and gravel, it is of good depth, and capable of affording a profitable yield to the industrious husbandman.

"The timber in the township is principally beech, maple and pine of average size, and well balanced to supply all the wants of the inhabitants; there are occasional cedar and spruce swamps, which by a little drainage, could be rendered exceedingly fertile. The Gull and Burnt Rivers have their sources in Minden. Upon them are several mill privileges, which will soon be required to be put into operation to satisfy the demands of the settlers. There is one mill site on Gull River, on lot 3 in the third concession, having an unbroken fall of 14 feet and capable of being easily applied.

"A large portion of the township is occupied with lakes, in which salmon trout are very abundant, and from three to five pounds weight. Beaver, mink, otter and martin are very abundant all through this part of the country and deer are very plentiful. I have counted as many as 17 in a drove."

"The geological and mineral features of the country are also deserving of some notice. The formation is entirely granite, and crops out in a north westerly direction at right angles to the ridges which define the valleys and water courses in a north easterly direction. I have found good specimens of galena which would probably yield from 30% to 50% of lead, and 20% to 30% of sulphur. Evidence of copper ore also exist, though not abundant."

As J. W. Fitzgerald notes, settlement did not wait on

the construction of the Bobcaygeon road but followed the natural highway which the Gull River waters provided. In 1858 Mr. Francis Kent cleared a farm north of Minden. The following year he was joined by his 20 year old bride, Catherine, who had the distinction of being the first white woman to settle in the township. Her daughter, who later married Miles Henderson, was the first white baby to be born in Minden and was presented by the government with a grant of land beside the Burt farm near the present public school. When Francis Kent was accidentally killed by a falling tree, Mrs. Kent sold the farm to Francis Peck and moved to the piece of land which the government had given her daughter. Here, in addition to her own family, she also reared an adopted son, Walter.

Although Mrs. Kent passed away in 1922 at the venerable age of 83, she will long be remembered by generations of school children who previous to the 1920's carried their supply of drinking water from the wooden pipes at the Kent farm. As a postscript to the fortunes of Minden's first white baby, sometime after 1896 she and her husband

joined the great westward trek and took up land in the wheat belt. Their farm prospered and when several Minden men, among them Steven Harrison, went west on the harvest excursions during the 1920's they were employed on the Miles Henderson farm at threshing time.

**BANK OF COMMERCE
REPORT**

In terms of demand at current prices, Canada has an over-expanded farm plant, according to the current issue of the Commercial Letter published by the Canadian Bank of Commerce.

There is too high a percentage of "marginal" farms, and farm income is declining in relation to income in other lines of endeavor, the Letter says. The serious farm situation is aggravated by a similar or worse situation in the U.S.

"We can only hope that increased productivity, which up to this time has been so important a factor in creating farm surpluses, may yet, wisely used, become the salvation of the agricultural industry by reducing costs, lowering prices and thus to some extent increasing demand, both at home and abroad."

The Letter predicts that 1960 will prove to have been an average year for Canadian agriculture, basing its appraisal on actual cash returns in the first half of the year, the probable level of income in the third quarter and the crop season just ended. Crop estimates, the Letter points out, tend to bear out its assessment of this year's production as average, half of all field crops and fruits being above, and an equal number below, the long term average.

The movement of the cattle and hog cycles in opposite directions—cattle upward and hogs downward—has tended to bring some over-all stability to the live stock situation. Some of the more serious agricultural surpluses also have been brought under at least temporary control. Wheat, however, is still in burdensome over-supply, not only in Canada, but on the world market.

Even in the present "average" year, the Letter finds that Canada, in a number of important respects, is suffering from an embarrassment of riches, while hunger stalks more than a third of the world's population. It sees merit, therefore, in the idea of a food bank put forward at various times and most recently by the Prime Minister of Canada.

Wedding Invitations

Thermo-engraved (RAISED LETTERING)

Wedding and engagement announcements, birth announcements, confirmation invitations, golden and silver anniversary announcements, etc.

Thermo-engraving

(RAISED LETTERING)

Looks and feels like the finest hand engraving. The letters have an elegance and individuality only the finest hand engraving can match.

Thermo-engraving (RAISED LETTERING)

Costs about half as much as hand engraving, because it eliminates the copper plate that makes hand engraving so expensive

AND IT'S READY WITHIN THE WEEK

Of course you can order matching enclosure cards, reception, response, thank you and at home cards, etc. Select from our giant catalogue of flawlessly correct papers. 11 distinctive styles of lettering. Weddings priced as low as 50 for \$9.00 and 100 for \$13.50, complete with double envelopes and tissues.

HALIBURTON COUNTY ECHO

MAPLE LAKE

Miss Dora Dawson is now employed in Toronto for the winter months.

Mr. W. W. Barry left for South River on Saturday morning.

Mr. and Mrs. Stewart Dawson and Jean were in Lindsay on Saturday last. They also visited John Hewitt in Minden on Sunday.

Mr. Wesh and friends of Toronto spent the week end at the Fountain farm.

Mr. and Mrs. Neilson Ownes and Mrs. G. Bownes of Toronto called on Annie and Herb Fountain Sunday morning. They came up for Mr. Ownes grandson's christening at St. Andrew's church, West Guilford.

Those who called on John Morrison's on Sunday were Mr. and Mrs. Cliff Whittaker, Edna, Perry and Bryan Morrison, Don and Aldyth McMurry, Mr. and Mrs. Art Morrison and Mr. and Mrs. Howard Morrison and Elwood.

The community guild held a very successful bazaar, afternoon tea and bake sale in the basement of the West Guilford school on Saturday. Proceeds went toward Christmas parcels for less fortunate families.

Harold and Earl Dawson were home for the week end.

Grace and Charlie Morrison were at Alma and Lawrence Morrison of West Guilford Saturday evening.

Mr. Jack Fitzgerald who has gone to Sutton called on the Fountain's Monday.

The St. Peter's cemetery board held a meeting combined with the advisory committee at Clarence Redner's home Monday evening.

We are sorry to hear Mr. Howard Thompson was not able to cast his vote on Saturday due to sickness, and also that Mrs. Norman Finney has been confined to bed.

Robins Here Yet

Rufus Anderson reports that on Sunday morning last at 8.20 to be exact, he saw a robin in a spruce tree located on the property of Don Walling.

Can it be that those who prophesy a green Christmas in this area may be right?

HOW OLD ARE YOU?

Age is a quality of mind—If you have left your dreams behind,

If hope is lost,
If you no longer look ahead,
If your ambitions' fires are dead—

Then you are old.
But if from life you take the best,

And if in life you take the best,
If love you hold—

No matter how the years go by,
No matter how the birthdays fly,

You are not old!

"I NEVER KNEW YOU"

A neat argument for church attendance is found in an old church in England. When visitors look at a tablet at St. John's Church in Harrow, they may smile at the verse inscribed there, but they have to admit its message is designed to draw the ungodliest to the family pew, come Sunday:

Every time I pass this church
I pay a little visit,
So when at last I'm carried in,
The Lord won't say, "Who is it?"

WILBERFORCE

Mr. Waghorn of Mac Craft Industries, Sarnia, has been at Wilberforce making preparations for the opening of the new business.

"INSULATE as you plaster" WITH

The new lightweight mineral aggregate! Architects, Plasterers, Contractors and House owners who have tested MICALFIL all say it is:

- easier to handle — because weighs only 8 lbs. per cubic foot.
- lasts longer — does not absorb moisture, dries without warping or buckling, does not crack, dissolve, disintegrate or rot.
- affords greater protection — against sub-zero cold or intense heat, against fire hazards, favours low insurance rates.
